

DIVORCE CHECKLIST

By [Henry S. Gornbein](#)

In response to numerous requests from our readers, Divorce Online has prepared a basic checklist of issues that should be considered in every divorce and discussed with your attorney. The list is intended to be general and broad in scope, and food for thought as part of a negotiated settlement or in preparation for trial. Some items may not apply to everyone due to state law variations, whether or not there are children, etc. Feel free to download it for your personal use. Also, please let us know if we overlooked anything. Your comments are welcome.
